

SERENIC REPORTS THIRD QUARTER RESULTS

Edmonton, Alberta, Canada (January 28, 2008) – Serenic Corporation (the “Company” or “Serenic”) (TSX-V:SER), an international software developer specializing in integrated financial management and HCM solutions for Non-Profit organizations, government agencies, and Microsoft Dynamics NAV users, is pleased to announce its financial results for the three and nine month periods ended November 30, 2007.

Third quarter and year to date financial results are summarized as follows:

Statement of Operations Information	(Unaudited) November 30 (3 months)			(Unaudited) November 30 (9 months)		
	2007	2006	%	2007	2006	%
	\$	\$		\$	\$	
Revenue	1,874,805	1,827,736	102.6%	7,783,734	5,509,155	141.3%
Income (loss) for the period	(322,979)	(506,748)	63.7%	407,189	(279,685)	145.6%
Basic income (loss) per share	(0.02)	(0.04)	50.0%	0.03	(0.02)	150.0%
Diluted income (loss) per share	(0.02)	(0.04)	50.0%	0.03	(0.02)	150.0%
Weighted average common shares outstanding	# 15,050,370	# 11,632,470		# 13,955,299	# 11,632,470	

Management is continuing with its strategy to reinvest in growth initiatives that are expected to position the Company as a major supplier of financial software applications to not-for-profit and public sector (primarily government and educational) organizations world-wide. Revenue for the quarter increased by 2.6% while the net loss for the period was reduced by 36.3%, as compared with the same quarter in the prior year, as a result of improved gross margin due to higher revenue and nearly unchanged operating expenses. Year to date revenue increased by 41.3% and net earnings improved by 145.6%, from a loss of \$279,685 (\$0.02 per share loss) in the prior year to net earnings of \$407,189 (\$0.03 per share income) in the current year. This occurred as a result of achieving the significant increase in revenue while only incurring a 13.5% overall increase in operating expenses. Please refer to the Interim Financial Statements and Management Discussion and Analysis filed at www.sedar.com for more detailed information in this regard.

During the quarter, another important milestone was established when Serenic completed the sale of Navigator to the US Department of Defence, for implementation at the transitional Government of Afghanistan. Several other noteworthy sales were conducted by Serenic partners during the quarter, including some high profile clients such as Joyce Meyer Ministries, one of the larger ministry agencies operating internationally. Also, an investor relations program was implemented to create increased awareness of the Company, its unique relationship with Microsoft and opportunity to pursue business world-wide in the not-for-profit and public sector markets, and to solicit interest from and coverage by industry analysts and followers.

Outlook

The Company has continued to demonstrate its ability to win business amongst the strongest competitors world-wide who supply software and services to the not-for-profit and public sector industries. Serenic's products are developed and ready for market, and support of these products is clearly evidenced by the numerous leading organizations that have chosen Serenic's products over competitors'. The Company intends to continue its growth strategy by accelerating marketing and sales efforts in North American and selected international markets, by increasing distributor and reseller partner channels, and by collaborating with Microsoft and its partners to pursue strategic deals directly.

Forward Looking Statements

Certain statements contained in this press release, including statements which may contain words such as “could”, “should”, “expect”, “anticipate”, “believe”, “will”, and similar expressions and statements relating to matters that are not historical facts, are forward looking statements. Such forward looking statements involve known and unknown risks and uncertainties which may cause the actual results, performances or achievements of Serenic Corporation to be materially different from any future results, performances or achievements expressed or implied by such forward looking statements. Such factors include, but are not limited to, software industry risks, general business risks, foreign currency risks, economic dependence risks, and credit risks.

About Serenic Corporation

Serenic Corporation publishes mission-critical software products for not-for-profits (NFP), educational institutions and governments. The Company's products are based on leading application and technology platforms from Microsoft, including Dynamics NAV, SQL Server, and .NET, and are distributed in North America and internationally through value-added resellers and a direct sales organization. Serenic Corporation is the exclusive developer of human resource management and payroll products for Microsoft Dynamics NAV ERP users in North America. Serenic was named the “ISV (Industry Solutions Vendor) Partner of the Year” by Microsoft for 2007 and is a member of Microsoft's President Club and Inner Circle, the latter being an elite group of sixty-seven members representing the top 1% of Microsoft partners world-wide. Serenic has offices in Edmonton, Alberta and Denver, Colorado and staff located throughout the USA.
